Congregational Update

2023 promises to be a productive year for our new church. If you haven't had the opportunity to visit the site, the below grade (Yonge Street down) portion of our build is well under way and expected to be completed early in the summer. Our team is working to create a Request for Proposal (RFP) for the remaining portion of the build and look forward to sharing our progress.

Over the past months we have been working with our lawyers to work out details of our construction. Our architect, Bob Murphy, has drawings ready and once we have more of an idea of the available funds, we will look forward to working with the Council and Board of Trustees to get us to the next step.

The Life and Work of our Congregation continues....
